Leroy,

All I can say is "Wow". You guys totally took our party to the next level and were way more than we even expected. And that's saying something because those of us who've seen you before know how good you guys are - but the show you gave us was stunning, energetic, fun, professional...a perfect fit for what we wanted in a band. We'll definitely keep you in mind for future FRCH parties.

I received nothing but rave reviews about your band. You now officially have about 250 new fans! Thanks again for everything. Hope to see you guys play again soon. PS, please pass this along to the other E-Funkers...
