To all interested parties:

I highly recommend Leroy Ellington and The E Funk Band to play at any function. They are a fun, energetic, and very talented group of musicians. In addition, they are very easy to work with. They have performed both at the Festival in Sycamore and our Sunday Concert Series, prompting many compliments from patrons. They WILL be asked to perform again at future events in the Township.

I've personally recommended them to other communities for events, and all have been very pleased. You can't lose with this band!
